

BAYU AZIZ

Data Analyst, Logistic Specialist

Jakarta | +62812 2249 3838 | azbayou@gmail.com | linkedin.com/in/azbayou

ABOUT

Experienced at Spreadsheet and Database tools as Excel, Google Sheet, Google Data Studio, Google Docs, Redash, Metabase, etc. Intermediate and Motivated at SQL and Data Analys. Seeking a challenging position as a **Data Analyst or Logistic & Supply Chain Management**.

Offering a strong foundation in Supply-Chain Operation with a proven ability to drive efficiency, deliver successful outcomes and collaborate within cross-functional teams.

EXPERIENCE

Ninja Xpress - Jakarta

Recovery Specialist

(July 2018 – August 2026)

- Investigated and resolved missing or damaged parcel anomalies, while ensuring strict adherence to operations SLA metrics.
- Comprehensive understanding of end-to-end logistics processes, ensuring smooth operational execution and leading investigations into lost, damaged, or fraudulent packages. Analyzed regional hub performance data using spreadsheet and database tools (Redash & Metabase) to isolate systemic bottlenecks and high-risk nodes.
- Formulated data-driven preventive measures via Excel and Google Sheets and Google App Script successfully reducing the overall problematic parcel rate. Adept at leveraging AI tools for daily workflow collaboration and efficiency.

Ninja Xpress - Jakarta

Address Verification – Lead

(Aug July 2017 – August 2018)

- Led the address verification process and optimized daily delivery routes for riders and drivers to maximize dispatch speed and efficiency.
- Monitored and reported invalid addresses or out-of-coverage locations using *Excel and Google Maps* to ensure immediate cross-functional resolution.

SOHO Global Health – Jakarta (Internship)

Database Administrator

(July 2017 – August 2017)

- Assisted in developing and optimizing *VBA scripts* within Excel to automate regulatory database processes and report generation.
- Maintained data integrity and streamlined regulatory compliance workflows through efficient database management and *SQL querying*.

Bahasa Indonesia (*mother tongue*)

Bahasa Inggris (*pre-Intermediate*)

PORTOFOLIO

CV & Mini Portofolio (Google Spreadsheets)

<https://tinyurl.com/BayuCV>

An interactive spreadsheet dashboard featuring my main CV alongside technical portfolios focused on data cleaning, Pivot Tables, data visualization/dashboarding, and smart filtering.

Logistic Databases (SQL, Google App Script)

https://docs.google.com/spreadsheets/d/1vTtD4qf38J5h8SSME7Enq-r_vTV563hNmUaHrv0lePU/

- BigQuery & Sheets Integration: Developed an automated 2-way data pipeline using Google Apps Script to pull live BigQuery data and push order updates seamlessly.
- Database Optimization: Wrote optimized multi-table SQL queries/views and leveraged GCP regional setups for efficient, cost-free data processing.
- Operational Dashboard: Designed interactive Google Sheets UI controls and a performance dashboard monitoring delivery rates, shipper performance, and hub metrics.
- Tools: BigQuery, Google Apps Script, Google Sheets, SQL, GCP.
